2013

Evansville North High School

July 10 & 11

Details

Registration now open at http://evscicats.com/erevolution

Cost: $50 for 2 days of great content, amazing keynotes, catered lunches, continental breakfasts.

Discounted Cost: $20 for EVSC employees and pre-service teachers.

14 Professional Growth Points

Location: Evansville North High School- Year-old facility with state-of-the-art technology and fantastic wifi!

5th year for eRevolution, nominated for Leadership Evansville award, 99% of attendees last year said they would recommend this conference to a colleague.

Content

More than 200 Concurrent Sessions and Workshops

Panel Discussions on Critical Topics such as 1:1 classrooms, Digital Leadership, Connected Educators, and Flipped Learning.

App and Web 2.0 Shootouts

Leadership 2.0 Experience

Collaboration Opportunities

Learning Strands

Leadership in the Digital Age
Exploring topics related to creating high-quality learning environments as viewed through the lens of building and district level administration.

Innovative Learning Models
Providing new methods of teaching and learning such as project based learning, flipped classroom, Response to Intervention (RTI) and differentiated instruction.

21st Century Standards and Skills
Integrating common core standards and helping students become effective critical thinkers and communicators.

ActivTeaching
Understanding how hardware such as document cameras, response devices, and interactive boards can create a student-centered and engaged classroom.

Building Your Toolbox
Exploring software and Web 2.0 tools that make teaching easier and learning more exciting.

Special Visitors and Keynotes- Including Yong Zhao, Adam Bellow, Eric Sheninger, Leslie Fisher, and Meg Ormiston.

The CODE- Members of the Community of Digital Educators, classroom teachers who have spent this year exploring what excellent teaching and learning look like in the Digital Age.

Rockstar Presenters- Including the EVSC ICATS, members of the IDOE eLearning team, members of the ICE board and conference committee, and members of the Indiana eLearning Speakers Bureau.

EVANSVILLE VANDERBURGH SCHOOL CORPORATION
eREVOLUTION

Keynotes

Adam Bellow- Founder and CEO of eduTecher and eduClipper

Yong Zhao- Internationally known scholar, author, and speaker.

Eric Sheninger- Innovative leader in the use of social media and web 2.0 technology for education.

Serious Play!

Tweet-ups!

Time to explore!

Hands-on experiences!

Amazing technology partners!

Prize Giveaways!

TED-ED

An atmosphere of wonder and fun ☺

EVANSVILLE VANDERBURGH SCHOOL CORPORATION
eREVOLUTION

The Technology Playground
Explore all kinds of new technologies in this hands-on learning playground. EVSC students will be your ambassadors to a roomful of cool gadgets and amazing learning applications. If you haven't ever used a green screen, recorded a podcast, written a blog, or used a tablet as a photo booth, the Technology Playground is for you. Explore what is possible and sign-up to win prizes as well!

The Digital Detox Zone
We all need to escape the electronics from time to time, and our Digital Detox Zone is a great place to remember that as amazing as technology can be, it isn't the reason we teach. Remind yourself about the true joys of creative learning through the magic of the toys of our childhoods. If you find yourself overwhelmed with the Digital Age, you can make a friend over Legos, puzzles, Play-Doh, and more!

The Digital Sandbox
Sometimes inspiration strikes and you need to work on your idea right away. If this happens to you during eRev, just head to our Digital Sandbox. Throughout the conference, the Sandbox will be available for imagining, collaborating and creating. We have all of the tools you need to make your digital projects come to life as well as ICATS on staff if you need extra expertise to work through your plans.

The Learning Commons
North High School is blessed with some of the best collaboration space in the city. We hope that you will find ample time in your conference schedule to collaborate and network with colleagues and new friends during the day. We also hope that you will explore the many tables set up by our partners and sponsors.

The Promethean Bus
It's back by popular demand! Be sure to take a detour from the Learning Commons long enough to explore the exciting technologies located on the Promethean Bus, parked just outside, next to the Promethean display in the center of the Learning Commons. Demos will be available throughout the conference.

The Social Media Cafe
Update your blog, network with colleagues, tweet about your learning, add new pins to your board, or just grab a cup of joe before heading off to your next session in our all-new Social Media Cafe. Don't worry if you've never blogged a day in your life or if the idea of tweeting in public is unsettling because all are welcome from the eggs to the Twitterati. Also, watch for Tweet-Ups to be announced here.
